4-H Youth Development Facts in Brief – 2002

4-H, U.S. Department of Agriculture and Cooperative Extension System's nationwide K - 12th grade youth development program, celebrated their **Centennial year in 2002**. 4-H, the largest nonformal U.S. youth development program, began as a way of involving the heads, hearts, and hands of farm youth in practical, hands-on education in agriculture- and home economics-related subjects relevant to their everyday lives. Early Extension agents and progressive educators introduced new technology and improved ways of doing things for rural communities by first teaching their youth.

By 1960, more than half of 4-H participants were non-farm youth. Today, 45 percent are from rural areas and towns of up to 10,000; 55 percent are from larger cities, their suburbs, and from large inner cities. Thirty percent of 4-H'ers are from racial and ethnic minorities.

| Residence | % 4-H Youth | % US Youth in 4-H |
|--------------|-------------|-------------------|
| Farm - <10k | 45 | 43.5 |
| 10k - 50k | 23 | 14.8 |
| Suburbs >50k | 9 | 4.6 |
| Cities >50k | 24 | 24.9 |

The 4-H program combines the cooperative efforts of nearly 7 million youth; 761,242 volunteer leaders; about 3,600 FTE's of professional staff; 105 state land-grant universities; state and local governments; private-sector partners; state and local 4-H foundations; the National 4-H Council; and the National 4-H Headquarters in the Cooperative State Research, Education and Extension Service (CSREES) of the U.S. Department of Agriculture.

4-H programs are conducted in 3,051 counties of the United States, the District of Columbia, Puerto Rico, Virgin Islands, Guam, American Samoa, Micronesia, and Northern Mariana Islands. 4-H alumni now total about 60 million. 4-H-type programs are truly international, with 4 million youth in more than 60 countries in similar programs.

17. 4-H CURRICULUM CLASSIFICATION

Record the number of youth participants in 4-H subjects/projects/learning experiences. Youth may participate in more than one of the subject-matters listed below and should be counted each time. Include all youth enrolled in Extension sponsored educational efforts, whether or not they carry the label "4-H". For example, include all TV series, 1890 programs, youth urban gardening, youth EFNEP participants, camps, and targeted Youth at Risk programs.

Specific State or local projects should be incorporated into the categories that most accurately reflect educational work being done in Extension 4-H Youth Programs. Each State or county may report in the "Youth Enrolled" blanks below at any appropriate level of specificity. e.g.: If a project is a general introduction to Plants and Animals, it would be coded "G". If it deals with all animals, it would be coded "GB". If it is specific to Beef, "GBB". If the project deals with an animal species not specifically listed, e.g. Llamas, report it under Animals, "GB". There are no "other" categories. States and counties may use an (optional) character of the curriculum classification to collect more specific information on project year, etc., although this information will not be included in a report to USDA.

Use "Subtotal" blanks below to show the numbers of enrollments in each major (single letter) category. Total all single letter categories in the "Grand Total Enrollments" on page 12.
