### **MORE INFORMATION ON WORK GROUP SELECTIONS**

The majority of the conference will be spent participating in work group sessions to develop strategies and programs around critical family life issues, generate grant proposals for multi-state projects, and share research, programs, resources, challenges and successes with valued Extension colleagues. This work was begun at previous conferences in 2002 and 2005.

On your registration form, please select the one work group that most interests you in terms of multi-state and nationwide programmatic efforts. Please note that you will be given an opportunity, following the initial working group session, to change groups if necessary. The work groups are as follows:

- Adolescent Health and Development (including, but not limited to, BAPPS)
- Adult Development and Aging (including, but not limited to, the Family Caregiving eXtension Community of Practice)
- Early Childhood and Child Care (including, but not limited to, the Better Kid Care America eXtension Community of Practice in formation)
- Parenting Education (including, but not limited to, the Fatherhood Initiative and the Just in Time Parenting eXtension Community of Practice)
- Relationship and Marriage Education (NERMEN)

If you would like to propose another work group, in addition to the ones listed above, please contact Caroline Crocoll ([ccrocoll@CSREES.USDA.GOV](mailto:ccrocoll@CSREES.USDA.GOV)) by June 1 to discuss your idea.
